

Baltic InteGrid

Integrated Baltic Offshore
Wind Electricity Grid Development

© German Offshore Wind Energy Foundation | Eon-Netz | Detlef Gehring | 2008

The offshore wind energy sector in the Baltic Sea requires coordinated transnational grid planning to realise its full growth potential. Baltic InteGrid promotes the meshed grid approach by creating a professional network for the exchange of expertise and state-of-the-art interdisciplinary research.

Project duration: 03/2016 – 02/2019 **Project Partners:** 14 project partners from all eight EU Baltic States
Total Budget: EUR 3,95 million **European Regional Development Fund:** EUR 3,04 million
